## Highlighted Features

### EASY SETUP AND THOUGHTFUL DESIGN >>

**Simple Content Control** - Cricket automatically “hops” from kids channel to kids channel, skipping other channels that may have content that is inappropriate

**Preset To Cable Set-top-box** – Ships pre-programmed to your specific set-top box ID. In addition, the eight favorite children's network channels that you define will come labeled on the keys and the macro pre-programmed for the associated channel.

### SIMPLE ERGONOMIC DESIGN >>

Easy to hold and grip, making it comfortable for a child to hold. With only 14 large keys that are easy for the child to understand and use, Cricket creates an intuitive viewing experience that even young children will quickly be able to use.

### SAFE AND DURABLE >>

Cricket has been designed with child use in-mind. The Cricket has passed stringent child safety and durability testing to ensure parental peace-of-mind.

### KID FRIENDLY FEATURES >>

#### Customizable Image Compartment -

The round image compartment on the front of the remote can be used to display a child's photograph or their favorite cartoon character.

**Favorite Channel Line-up**- The standard configuration comes with the following list of channels:

- Animal Planet
- Cartoon Network
- Discovery Kids
- Disney Channel
- Toon Disney
- Nickelodeon
- Noggin
- PBS Kids

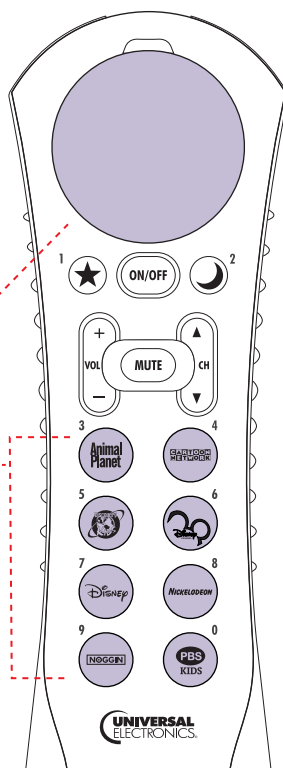

### SECURED PROGRAMMING >>

Within the screw-secured battery compartment, there is a three position switch that is used to set the operating or programming mode for the remote.

**Child Mode**- Each favorite channel key takes the user directly to the associated channel via built-in macro, CHANNEL UP/DOWN keys only cycle through the 10 macro programmed favorite channels.

**Standard Mode**- Operates the same as Child Mode, except that the CHANNEL UP/DOWN keys allow the user to cycle through all channels available.

**Programming Mode**- Easily program the remote including: configuration of the TV, and macro creation to assign new or additional favorite channels.
